Language Academy of Sacramento

Message from our Executive Director

Language Academy Families,

As we prepare to complete the final week of 2020 and transition to winter break, I would like to express gratitude to each of our families for your ongoing commitment to the LAS educational program! The public health crisis that surrounds us all has required a radically different approach to teaching and learning, and while we recognize it has been filled with challenges, we have also been able to identify many successful moments! As the public health situation evolves, we will continue with our commitment to sharing updates as we learn more. Please look forward to an update as we enter the winter break regarding any changes to our transition plan.

As previously shared, the health of our school community is first and foremost, and this includes our mental health. If any member of the LAS team is in need of support, please feel free to reach out to representatives of our school partner, Care Solace. Care Solace is an online resource with a live 24/7 concierge meant to assist individuals in finding local mental health related programs and counseling services. This services is available to our school families and staff at no cost. You can reach a representative by calling (888) 515-0595 or by visiting the LAS custom website:

www.caresolace.com/lasac.

We look forward to our ongoing collaboration as we enter the new year, and wish you all a break filled with relaxation, health and safety in the company of your family!

Sincerely,
Eduardo de León
