Facilities Update:

The modernization of the core building continues to move through August 2024. Unfortunately, there have been delays, primarily due to issues with classroom casework. These delays stem from initial bidding delay, a redesign by the Facilities Committee, manufacturing backlogs, and unforeseen site plumbing issues. The construction team, Intergra and RGA/HMC, have been working diligently to complete the work as well as procure the necessary casework from multiple vendors with maintaining the quality and integrity of the casework.

School administration and the construction team propose moving the first day of school from Tuesday, September 3, 2024, to Monday, September 9, 2024. This four (4) day adjustment will allow teachers to move into a workable space with 50% of the casework installed, ultimately creating an optimal learning environment for our all our students.

The remaining casework will be installed in phases through October and November. All other components of the project are on schedule to be completed within the agreed-upon timeframe (see attached schedule).

Pending Board decision, school office team will send the necessary information to our parent community via USPS, email, text, and social media posts, as well as be available to answer questions.

Financial Impact:

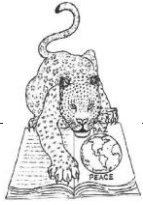

LAS does not anticipate an adverse financial impact, as the school will maintain the required 175 state-mandated instructional days and 194 staff contracted days.

Actualización del Comité

Actualización de las instalaciones:

La modernización de los edificios centrales sigue avanzando en agosto de 2024. Lamentablemente, se han producido retrasos, debidos principalmente a problemas con el mobiliario de las aulas. Estos retrasos se deben al retraso inicial en la licitación, a un rediseño por parte del Comité del Plantel y a retrasos en la fabricación. El equipo de construcción, Intergra y RGA/HMC, han trabajado con diligencia para completar el trabajo necesario y para conseguir los mobiliarios necesarios de varios proveedores, simultáneamente manteniendo la calidad y la integridad.

La administración escolar y el equipo de construcción proponen trasladar el primer día de clase del martes 1 de septiembre de 2024 al lunes 9 de septiembre de 2024. Este ajuste de cuatro (4) días permitirá al personal trasladarse a un espacio viable con el 50% de la carpintería instalada, creando en salón de aprendizaje óptimo para todos nuestros alumnos.

El resto de los mobiliarios se instalará por fases a lo largo de octubre y noviembre. Todos los demás componentes del proyecto se completarán en el plazo acordado (véase el calendario adjunto).

En cuanto decida de la Mesa Directiva, el personal de la escuela enviará la información necesaria a nuestra comunidad de padres a través de USPS, correo electrónico, mensajes de texto y publicaciones en las redes sociales y estarán disponibles para contestar preguntas.

Impacto financiero:

LAS no anticipa un impacto financiero adverso, ya que la escuela mantendrá los 175 días académicos exigidos por el estado y los 194 días contratados por el personal.
